MUHSIN CAKIR

"I was born October 29, 1948 in Izmir. My father, Mehmet Cakir, works at the railroad company as a diesel train engineer, and he enjoys talking. My mother, Fatma Cakir, is a housewife and enjoys cooking and fine art. My sister, Guzin Cakir, is 20 years old and is attending the Commercial Academy. She studies secretarial work and plans to be employed as a bank secretary. I have a grandfather 83 years old who was engaged in building new homes until his retirement.

"My religion is Moslem and my church is a mosque or Cami. Last year I was in II grade which is a junior here. I attended a three-year high school Lcee, which is now 77 years old. There are about 3,000 students in the senior class there.

"This year I'm taking algebra, chemistry, English, American Government and fine arts. I'll never forget my friends and teachers.

"Our A. F. S. Election started in October and I had my final examination in December. I got an application July 15 from the New York A. F. S. office. When I return to Turkey, I plan to enroll in the technical university at Istanbul.

"My ambition is to be successful in life, to develop good character, to travel to see the world, to make other people happy, and to see Corning again.

"Thank you Corning Community High School."

## PEP ASSEMBLY

A blazing bonfire opened the Homecoming activities at the Pep Assembly on Thursday night. Our Red Raider, Jim Cook, and squaw, Ann Keefe, gave their interpretation of an original Indian war dance. The Friday afternoon pep assembly and the disclosure of the mysterious "School Spirit" caused school feelings to soar higher. By game time the crowd and team were thoroughly aroused with the desire for victory. The victory over Glenwood was the perfect climax to the Homecoming activities.

## Curse You Jack Dalton

This old-fashioned melodrama contains the hero, villain, and fair damsel which are always present in this type of play. It all begins when the rich hero, Jack Dalton, falls in love with his mother's maid, Bertha, who was once rich, but was cheated out of her money by the villain, Egbert. Things become very complicated when Anna, a young lady who wishes to marry Jack, hires Egbert to lure Bertha away from Jack, and Bertha recognizes him as the man who stole her money.

## Feudin' Mountain Boys

This hillbilly comedy revolves around Freddie, a young boy suffering from the malady of love, and his family. Freddie devises a psuedo feud to impress Effie, the girl he loves. However, his scheme turns into a real feud between his family and Effie's. All ends well and Freddie wins Effie's heart.

## THE TRIANGLE

represents you--you are a growing person--growing with people of all races, religions, and nationalities--you growing in the love of God.

The Y-Teens entered this float in the Homecoming parade to advertise their annual birthday party.

## THE GLOBE

represents the international scope of the YWCA and the need for world-fellowship so that we may some day realize the ideal of "peace on earth, good will toward men."

For one fleeting moment we can  
stop and look back, before forging  
on...

The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that every entry, no matter how small, should be recorded to ensure the integrity of the financial data. This includes not only sales and purchases but also expenses, income, and any other financial activities.

The second part of the document provides a detailed breakdown of the accounting process. It starts with the identification of the accounting cycle, which consists of eight steps: identifying the accounting cycle, analyzing and journalizing the transactions, posting to the ledger, determining the debit and credit balances, preparing a trial balance, adjusting the entries, preparing financial statements, and closing the books.

The third part of the document focuses on the preparation of financial statements. It explains how to use the trial balance to identify any errors and how to adjust the entries to reflect the true financial position of the business. It then details the preparation of the income statement, balance sheet, and statement of cash flows.

The final part of the document discusses the importance of internal controls and the role of the auditor. It explains how internal controls can help prevent fraud and errors, and how an auditor can provide an independent opinion on the accuracy of the financial statements.
