For most of us at Corning High School the past ten years have been very important. The major part of our education and a lot of our growing up took place in that seemingly short decade.

Man met disaster in earthquakes, floods, and war. He made great conquests in curing diseases, improving his living conditions, and making travel to the moon a reality.

1960-1970, we the 1971 Red Raider Annual salute you, Thank you for what you've given us, and depend on you for our first steps into the next ten years.

I am from Sao Jose do Rio Preto, Brazil, a city of 150,000 people. My father is an executive, and my mother teaches physics in high school. I have one sister, Carmen Silvia, 22, who is studying law at Ribeirao Preto.

In Brazil I finished high school so I am no longer living with my parents. I was studying pre-med so I lived in Sao Paulo, a city of about 6,000,000. I intend to be a doctor and specialize in plastic surgery. If so, I must return to the United States to study this specialization.

Brazil is the biggest country in South America and it has a population of about 90,000,000 people. Our main product is coffee. The Carnival is the biggest and best holiday of the year, similar to the American Mardi Gras. (The Brazilian people really like to have fun!) Here I had the opportunity to see snow for the first time in my life, and to do all kinds of winter sports. In Brazil we have a very mild climate.

I arrived in New York in August with 160 other Brazilians, all of them AFS students. AFS is one of the most interesting programs that I know of. It has given me the opportunity to come to the United States and live in an American home like an American and at the same time to explain our country to all of you. I'm really proud to be an AFS student.

A special thanks to my family, Mr. and Mrs. Lee Elliott, Scott, Terry, and Jon, and everyone else who directly or indirectly helped me to live one of the greatest experiences of my life.

Roberta Peckham— AFS Student to Scotland

This past summer I spent the months of July and August in St. Andrews, Fife County, Scotland. St. Andrews is a town of about 10,000 people, and boasts a University as well as being a center of Scottish history.

My family's name was Best. My Scottish father, Ernest, is a University lecturer; my mother, Sadie, a housewife. Sheila, age 19, is a student at Edinburgh University. Mary, age 17, is completing her last year in high school.

The Old Course at St. Andrews is famous all over the world for its golf, and working in the British Open Golf Tournament was quite an experience for me. My family was really great in taking me to see all of Scotland. We spent a week in the Highlands and saw Loch Ness, Stirling Castle, Dundee, Glasgow, and we saw the Queen of England in Edinburgh.

These two months are ones I'll never forget, and I encourage everyone to become a part of the AFS program.

Jean Graf, Bernie Lenz, Judy Sinning, Roberta Peckham.

GLEN C. HORNBUCKLE, Superintendent

Students:

The greatest and most worthwhile possessions of any school are embodied in High Standards and High Ideals of its students.

I hope our school will seek higher achievement and will exhibit loyalty to those students that contribute to the development of correct standards and ideals. May I submit a challenge to each of you—and Good Luck.

ANNA P. McLEAN, Secretary to Mr. Hornbuckle
Secretary to Board

MARGERY DOWNARD, Title I Secretary

It seems most fitting that this years annual should be dedicated to the termination of this decade. I am sure the past decade shall not be forgotten in our history. The loss of such greats as John Kennedy, Robert Kennedy and Martin Luther King should alert us to the need for some serious thoughts and action.

I think it both fitting and proper that we should dedicate ourselves to aid in improvement the next decade. We should do our utmost to upgrade all segments of society for a more worthwhile society and country. This will not or cannot be done by lip service but only by positive, constructive arts and deeds.

A black and white photograph featuring the words "HIGH LIGHTS" and "LIGHTS" in large, three-dimensional block letters. The letters are arranged in two rows: "HIGH LIGHTS" on top and "LIGHTS" below it. The letters are light-colored and stand out against a dense, textured background of dried, tangled grass or straw. The lighting creates soft shadows, giving the letters a sense of depth and volume. The overall composition is centered and occupies most of the frame.

Homecoming

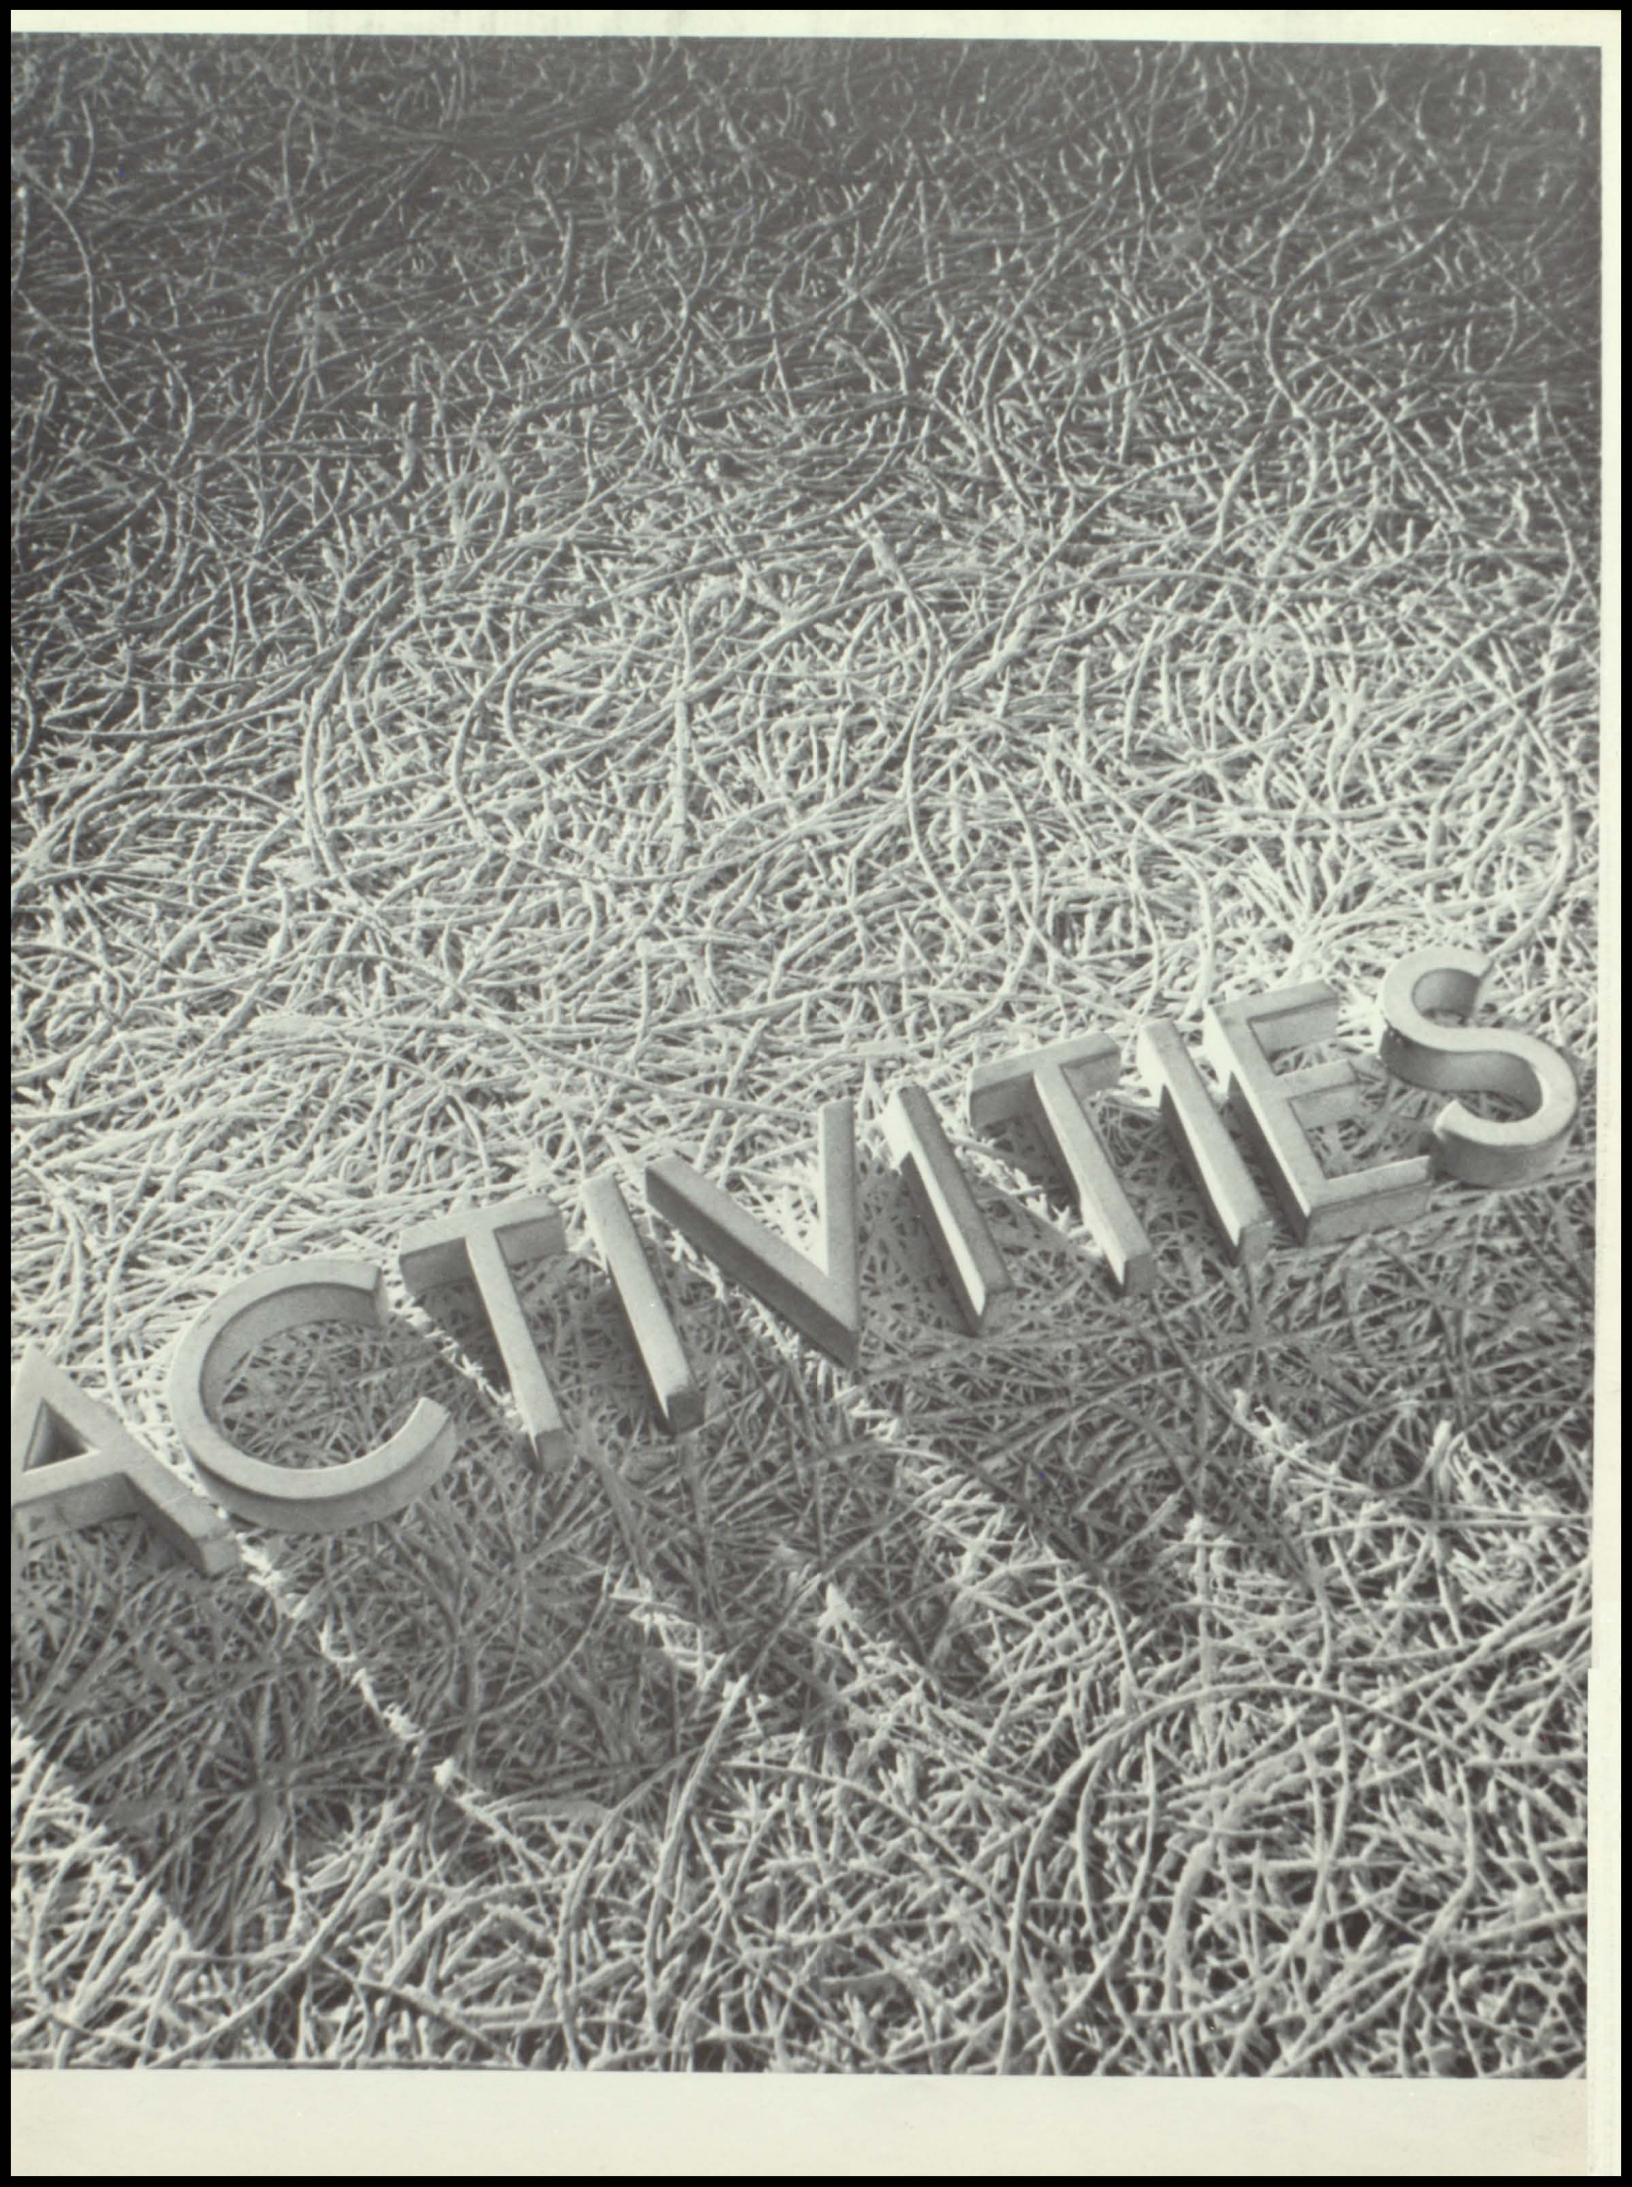

The Seniors took first place in float competition with their float, "RAIDERS WIN THE DOG FITE" (bottom). Second place went to the Juniors with "BULL THE BULLDOGS" (top left). Third place, Freshmen with "BULLDOGS—BREAKFAST OF CHAMPIONS" (center right), and fourth place was the Sophomores with "MAKE MUSH OF THE BULLDOGS" (center left).

1970

Homecoming celebrations started with a bonfire and pep assembly on Thursday night with each class presenting a skit. Friday afternoon's parade, led by the CHS marching band, cheerleaders and mascots, was a big success. Real celebrating began after the Raiders beat the Bulldogs 40-6. Something new was added this year with a pizza and pop party after the game. The big dance was held on Saturday night, October 3, with music by the Salt River.

Girl's Basketball

If you think you're beaten, you are;
 If you think you dare not, you don't;
 If you'd like to win, but think you can't
 It's almost a cinch you won't.
 If you think you'll lose, you've lost,
 For out in the world you find
 Success begins with a fellow's will
 It's all in the state of mind.
 Full many a race is lost
 E're even a step is run,
 And many a coward fails
 E're even his work's begun.

Think big, and your deeds will grow,
 Think small, and you'll fall behind.
 Think that you can, and you will—
 It's all in the state of mind.
 If you think you're outclassed, you are;
 You've got to think high to rise;
 You've got to be sure of yourself before
 You can win a prize.
 Life's battles don't always go
 To the stronger or faster man,
 But sooner or later the man who wins
 Is the fellow who thinks he can.

THE SUN SMILED

on CHS for another
180 days.

We set out to remember the year and
while thinking about it,
move ahead.

Somewhere

in the rush of a swirling teen world
of complexion problems and dances,
we found time to make decisions and
accept responsibility.

The scenes that took place set the
stage for today and tomorrow.

The past is but a prologue
