We do not know
if you smiled when you were dying,
or cursed your friends
for the little attention we paid you of late.
Or how you spent your last full hour alive.
We do know we were saddened when we heard the news.

Mostly,
because you gave yourself to us once,
without invitation or restraint,
for that we still remember
and cherish your memory.

Guido Del Re

I come from Florence, Italy, a town of 500,00 people. My father has a workshop for repairing the electrical equipment of cars. My mother is a housewife and my sister, Daniela, teaches English in junior high school. She is 25 and she was married last June.

Italian high schools last five years and when I go back to Italy I have to finish my last year at Scientific Lyceum, which is the name of my school. Then I can receive my diploma. I haven't yet decided my future, but I'd like to be a doctor, even if that kind of university would take about seven years of my life.

Italy is a small country in Europe, and its population is about 54 million people. Rome is the capital in the central part of the country.

Florence is a beautiful town north of Rome, where you can still find the presence of past ages in the form of monuments and paintings and at the same time enjoy the fast modern life of a big city. During the summer the town is crowded with many tourists from all over the world, visiting the artistic and historical center of the town.

Artisan work of leather and straw is the other thing for which Florence is famous.

This year in Corning is really great and so is my A. F. S. experience, which gives me the opportunity to live here, not as a tourist but as an American, in order to understand the Americans and their society, to understand people from all over the world and meet youth with the same ideals as mine and as yours, and to have the love of two families for the rest of my life.

I wish to thank my family here, Mr. and Mrs. Sinning, Dave, Judy, Diane, and Mark, and all of my C. H. S. friends, and everyone else who helped me to live such an experience.

Thanks to all of you.

In Memory Of

Gary Graff

June 25, 1957 -

October 8, 1971

God the Almighty hath created life and so shall he taketh it away. These two young fellows were just getting a start in life and it was snuffed away. If they had lived, we're sure they would have fulfilled their role in life to the greatest ability. Maybe they are gone now, but a friendship shall always remain in our hearts and the hearts of others as well. We shall remember them forever.

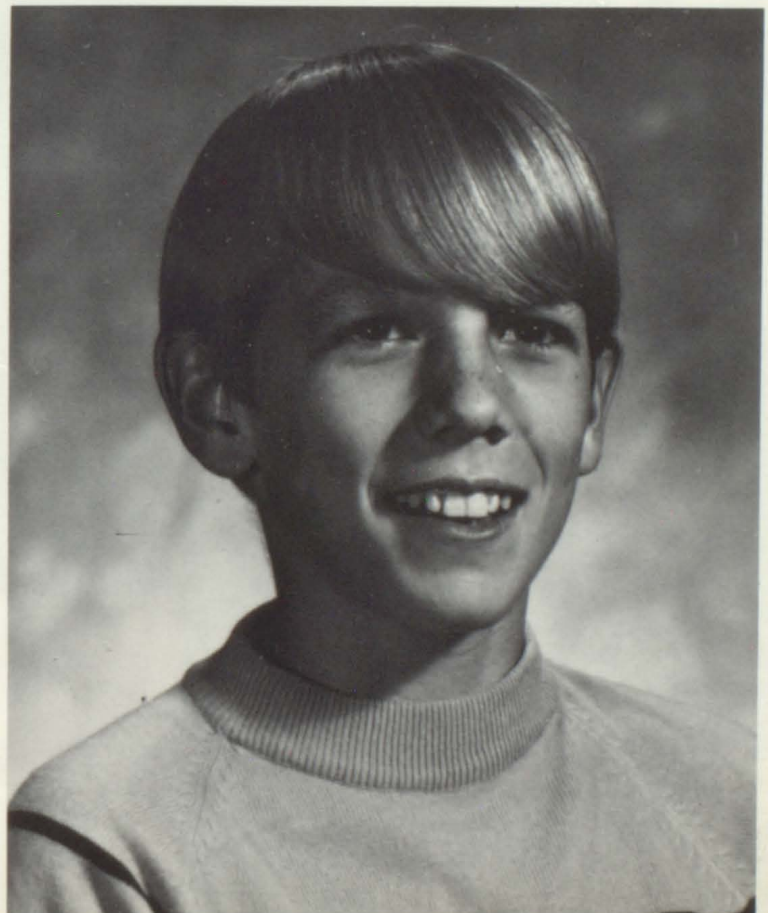

As we leave the halls behind us
Your footsteps echo with our own.
Sharing memories of days gone by
In a silent, reverent tone.

Those things you confided with us
Are drawn near to the heart
But remember friends and loved ones
The end is only the start.

THE DOOR

Go and open the door.
Maybe outside there's
a tree, or a wood,
a garden,
or a magic city.

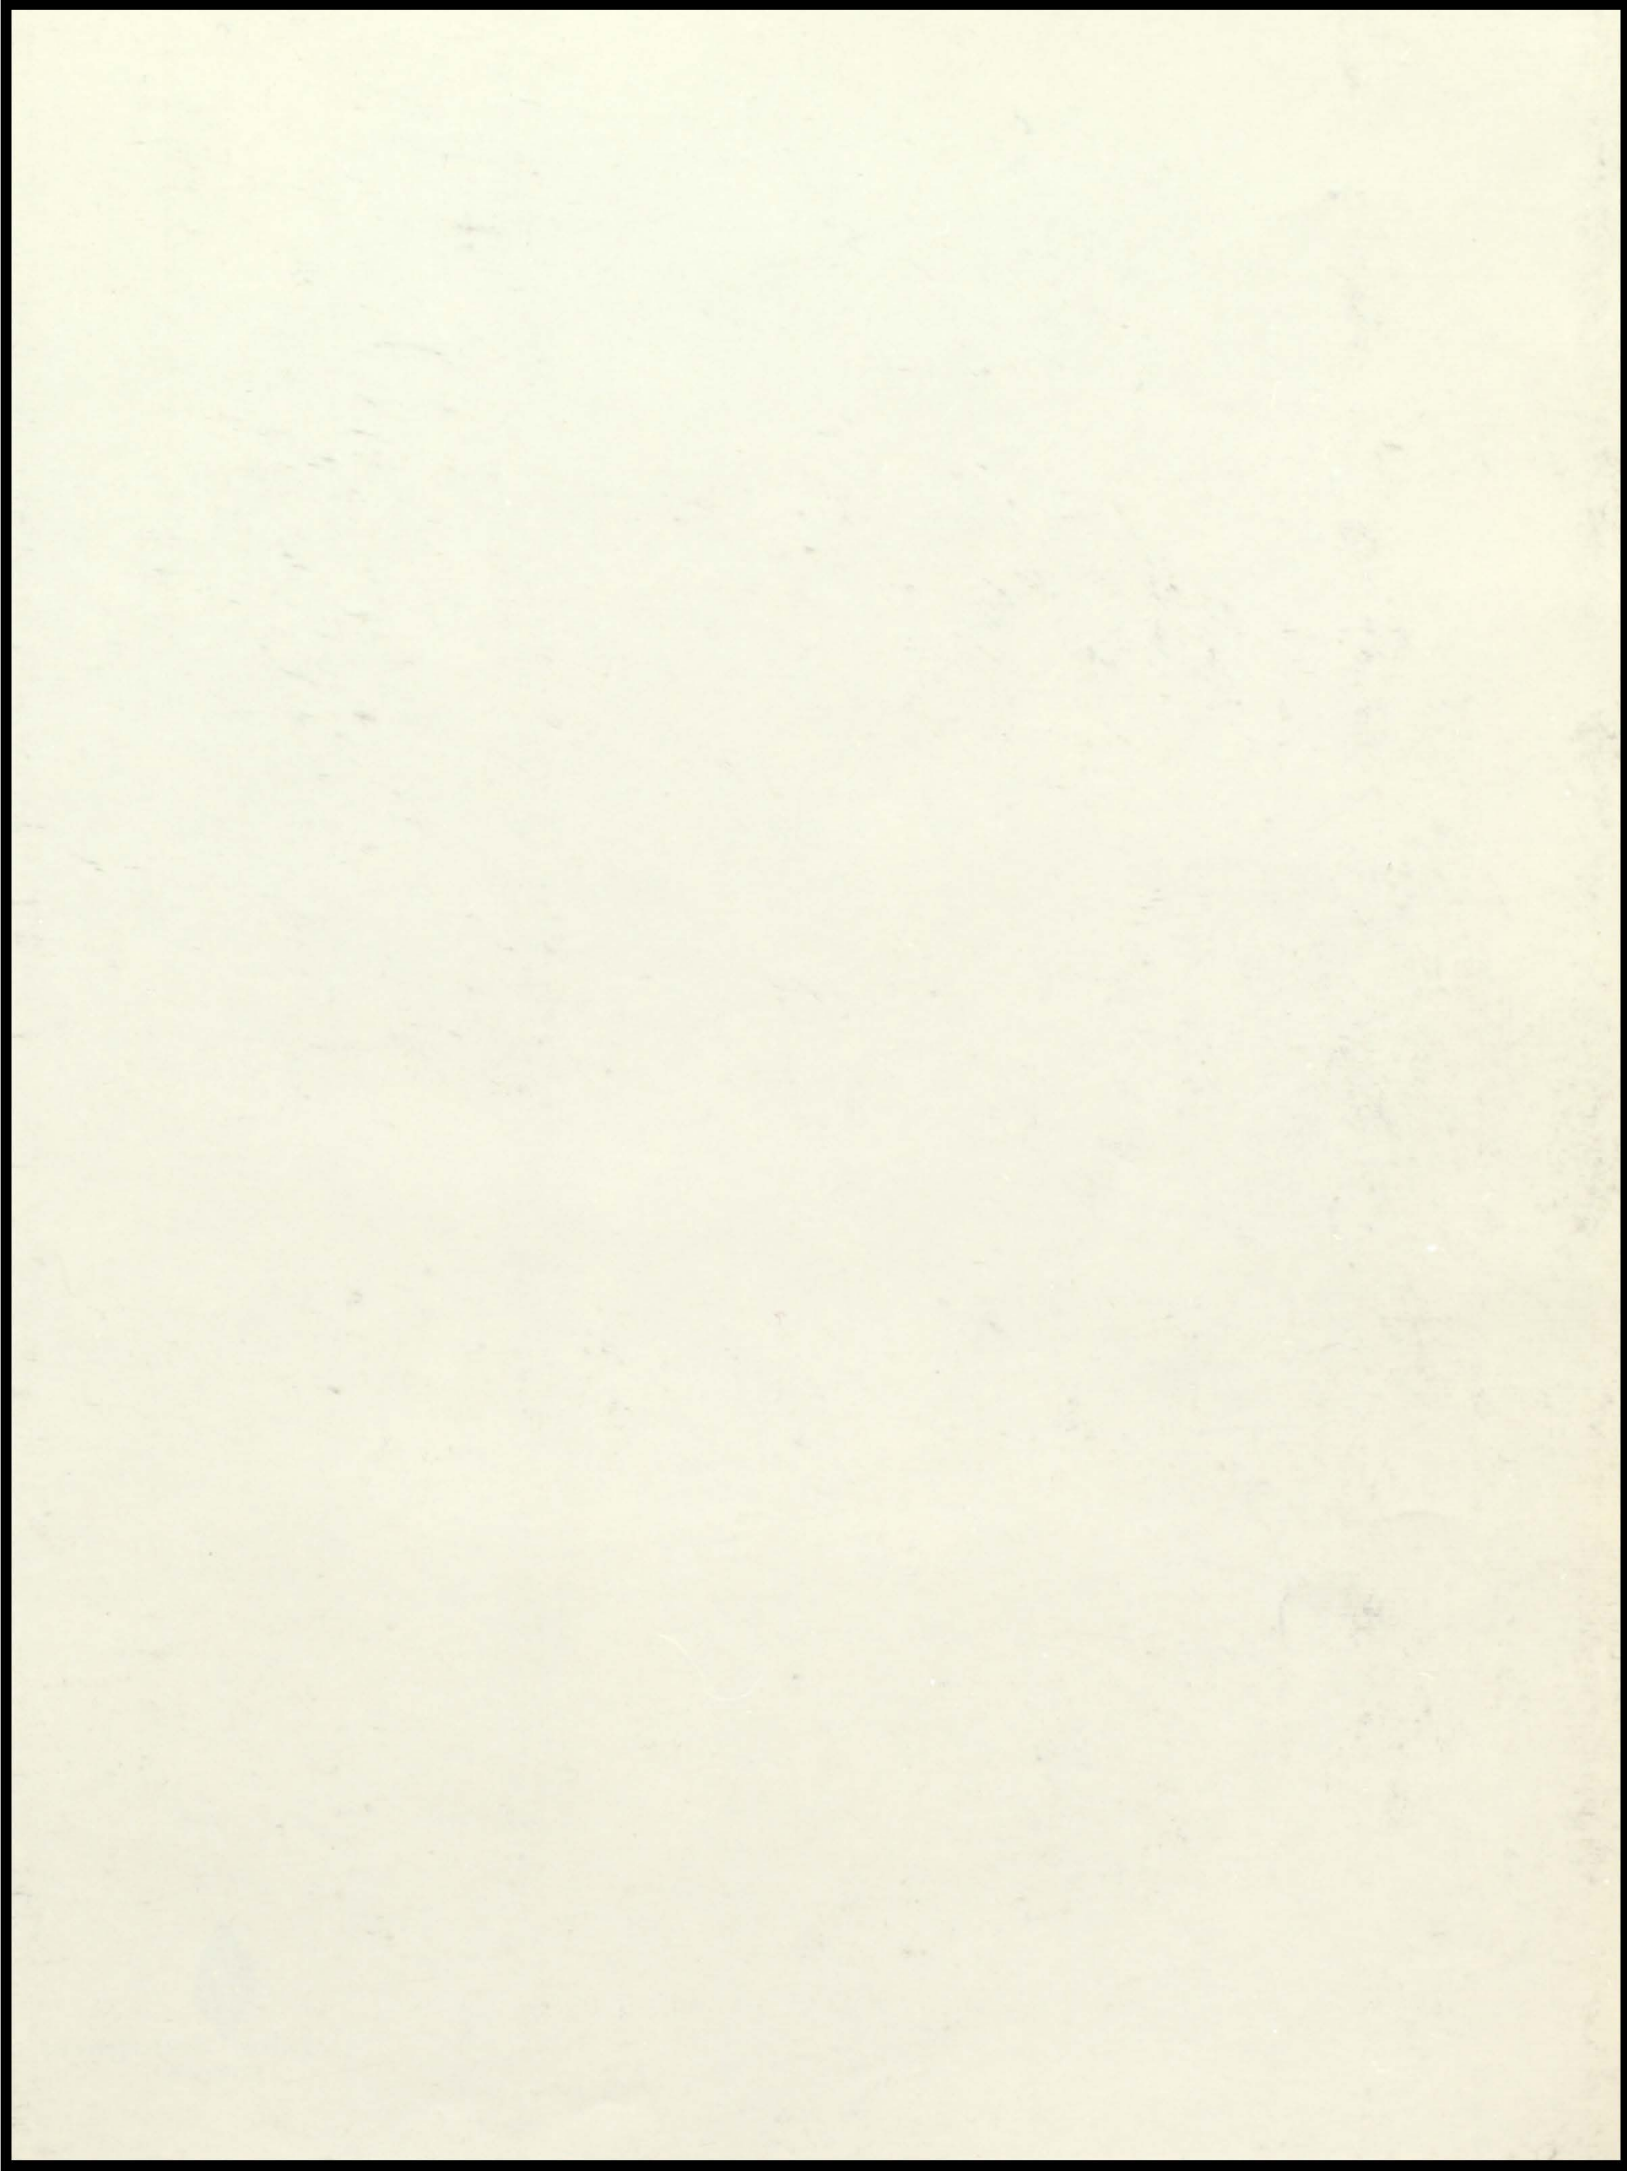

Go and open the door.
Maybe a dog's rummaging.
Maybe you'll see a face,
or an eye,
or the picture
of a picture.

Go and open the door.
If there's a fog
it will clear.

Go and open the door.
Even if there's only
the darkness ticking,
even if there's only
the hollow wind,
even if
nothing
is there,
go and open the door.

At least
there'll be
a draft.
