# TIINA TUOMINEN from FINLAND

My name is Tiina Tuominen, and my native country is Finland. I have been attending the Youth for Understanding exchange program for the 1976-77 school year in Corning, Iowa. In Finland, my parents work for the state railways, and I have two older sisters Anne (23) and Kirsi (21). Both of my sisters study in the University of Technology in Helsinki to be engineers. When I return to Finland, I still have two years of school left. After I finish my high school, I am planning to go to university to be a dentist. I hope I can do it because it is really very difficult to get into a university in Finland. I live in Hameenlinna, a town of about 40,000 citizens. My town is located in southern Finland about 60 miles from Helsinki, the capital city of Finland.

I have enjoyed my stay in Corning very much. It has been a really good learning experience, and language is not the only thing I have learned during my stay. First of all, I would like to give my best thanks to the members of my great host family, the Dale Cerven family, who all have helped my year to be a real success. Also, I would like to thank all the students and teachers in Corning High School and all the people in the community for being so friendly and helpful to me. Everyone in Corning should be proud of the small town with its many services and friendly people. Also, I would like to give my special thanks to the Redeemer Lutheran Church in Corning and all the people in the church. I am glad to be an ambassador of my country and I hope some of you can sometime enjoy my country, Finland, as I have enjoyed my stay in Corning.

With many thanks to all of you for your remembering,

*Tiina Tuominen*

# INGO BULTMANN

## from WEST GERMANY

Hi,

My name is Ingo Bultmann. I am from Germany and live in a "little" town by the name of Wunstorf (30,000 citizens) near Hannover (500,000 citizens). I am glad that the AFS Exchange Program made it possible for me to be over here for a year. I give thanks to the Merle Suntken family and to the friendly people of Corning, who I appreciated very much, for making it a very nice stay. Also, thanks to the Corning High School for new learning experiences and the local AFS Chapter for organizing my year. At first, Corning seemed to be a very, very small town for I am used to a city, but then I realized that a lot of things are going on. It was a very interesting stay and I got a lot of experiences out of it. I am sure that I will miss a few things when I go back to Germany this July. Returning home I have 2½ years of Grammar School left and after that I will try to get a degree in nuclear physics. Well, thanks again.

*Ingo Bultmann*

# JR - SR PROM APRIL 23

## Aim For A Star

Aim for a star,  
Set your goals high.  
Reach for that goal  
Spread your silken wings and fly.

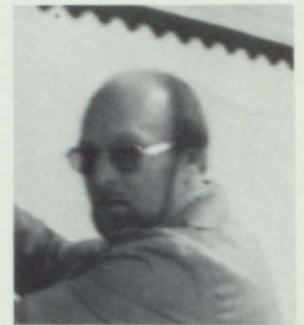

Frolicking days are over,  
What a sad fact to know.  
But as graduation draws nearer  
onward you must go.

Make use of your soul  
in the best way you can.  
Stand up, Face the world  
and proudly say "I am a man."

Seniors, reach for your goal  
that seems so far.  
Hold your shoulders high and  
Aim for a Star.
