# FOREIGN EXCHANGE STUDENTS

Hello! My name is Patty Granja.

I'm 18 years old. I have one brother and one sister older than me. I come from Ecuador, from a big city Quito.

I've enjoyed my stay in Corning. I would like to thank my host family, the Elliotts, and I'll miss them when I go back. I also want to give my thanks to all my friends and Corning High School, who made my year here an enjoyable one.

I came to the U.S. through Y.F.U. exchange program for one year.

Hello! I am Aoi Sakurai. I come from Nara of Japan through the Youth for Understanding exchange program, for one year!

I live at Kashihara, a city in Nara. It is a city with a population of 105,758 people. For 74 years, Nara was the ancient capitol of Japan. So we have many ancient temples, shrines, and classic arts. It is an old city.

I have a brother, named Takashi, who is 15 years old. He is in a senior high school this year. My father is a business man. My mother is a knitting teacher at a store. And I am a senior at Kashihara Senior High School. When I go back to Japan, I have to go there for half a year.

I have really had a good experience this year. I have enjoyed staying here. And I thank my mother Turner from the bottom of my heart. I also thank the Corning High School, and my great teacher, Mrs. Helen Quinn.

Thank you very much.

# FOREIGN EXCHANGE STUDENTS

My name is Jolanda Ammon, I'm 18 and I come from Switzerland. I live in Herzogenbuchsee, a small town (twice Corning's population and about half of its territory). That's about 30 miles north-east of Bern, the capitol city of Switzerland.

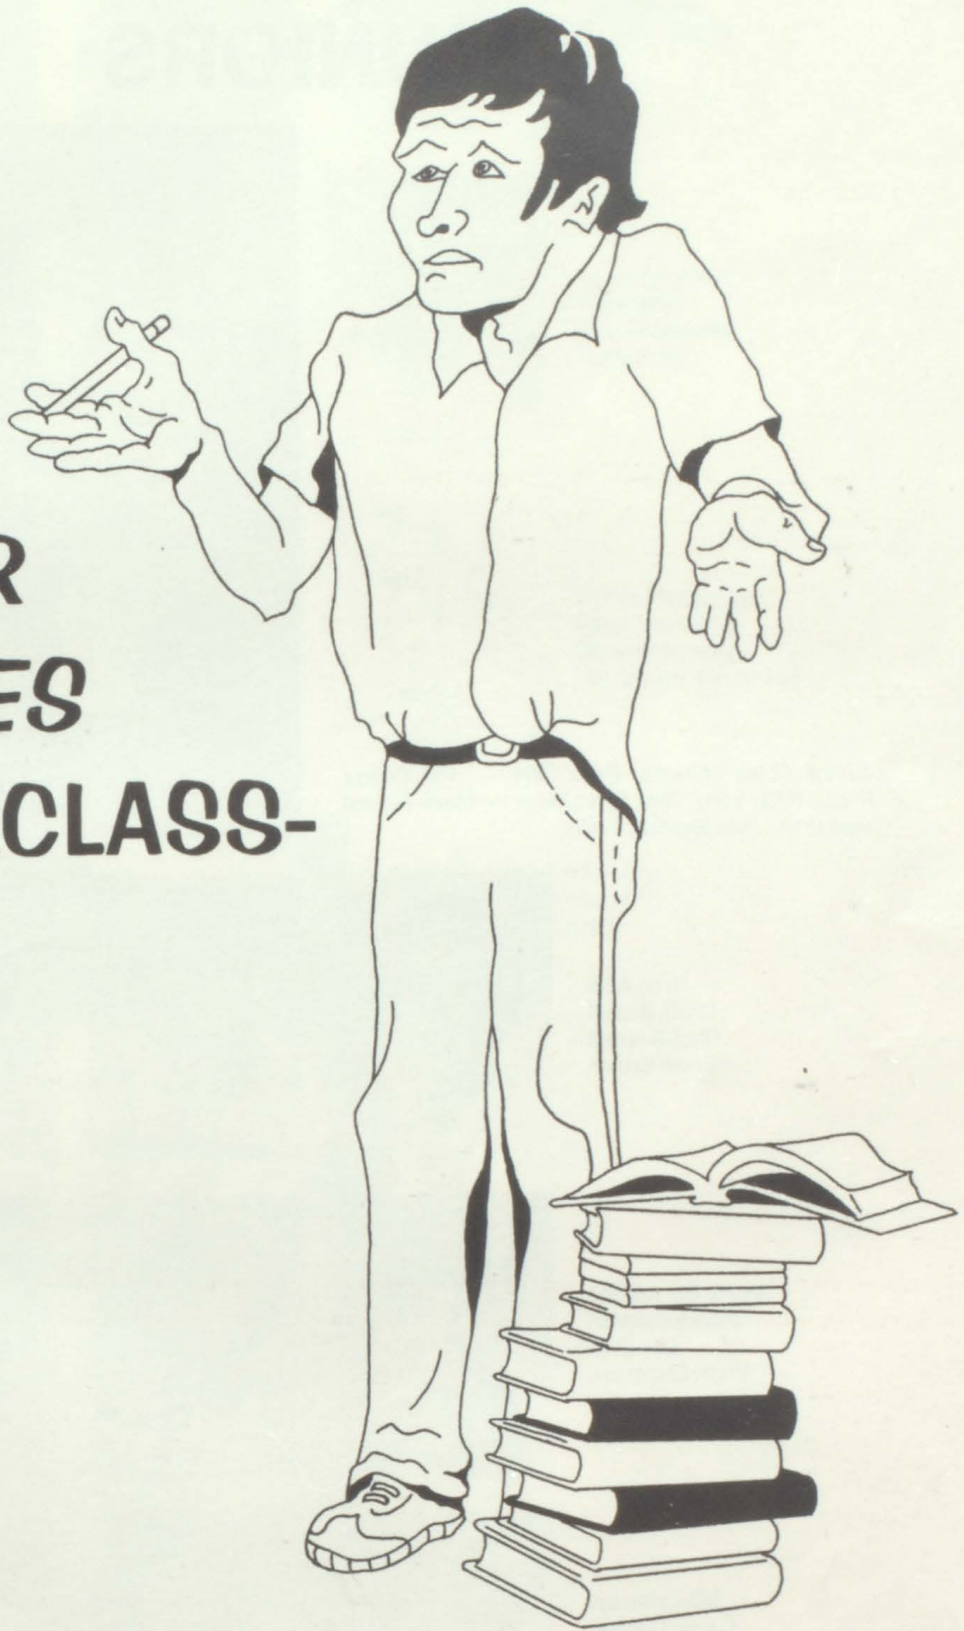

I have one brother; he's 21 and a plumber. My dad's a sanitation engineer, my mom a housewife. And they're great people. Merci! I'm going to school in Bern, started to attend a tradeschool there in spring '78, after graduating from secondary school. I chose that school because it gave me the possibility to go on studying languages. Unfortunately a whole bunch of stuff like shorthand, typing and business math goes along with it, being one of the reasons that got me here: to get a break, see something else, hear about something else. I came here with Y.F.U., for a year. Going back home I'll have 1½ years of tradeschool waiting for me. What I'm gonna do after that I don't know yet. I'm kinda thinking about going to work for a while to get the money I need to go on to Interpretation School (in case I'll ever catch up with all the French and Italian I forgot over here). We'll see.

I'd like to thank everybody who helped me along the way. And I'd like to get a few things straightened out (once and for all): my first name is spelled with an "a" at the end, Switzerland does NOT only consist of Mountains, and Swiss and Swedish is NOT the same. Got that?

In case anybody ever makes it to Switzerland, give me a call . . .
