The image features a complex abstract design. It consists of several overlapping geometric shapes, primarily triangles and rectangles, filled with black and white wavy, zebra-like patterns. These shapes are set against a plain white background. The wavy lines vary in frequency and orientation, creating a sense of movement and depth. The overall composition is dynamic and visually striking.

The background of the page is a complex, abstract pattern. It features a dense arrangement of overlapping circles, some of which are solid black and others are white with black outlines. These circles are set against a dark, textured background. Overlaid on this pattern are several thick, diagonal white stripes that create a sense of movement and depth. The overall aesthetic is modern and graphic.

Walters Parents

Hi, I am from BRAZIL, Santo Andre' (S. Paulo State) Brazil. My city is A SMALL ONE (Half a million). I said small because it is near S. Paulo (7 million) which is 20 minutes driving time from my city. Santo Andre', an industrial city, is an hour from the ocean.

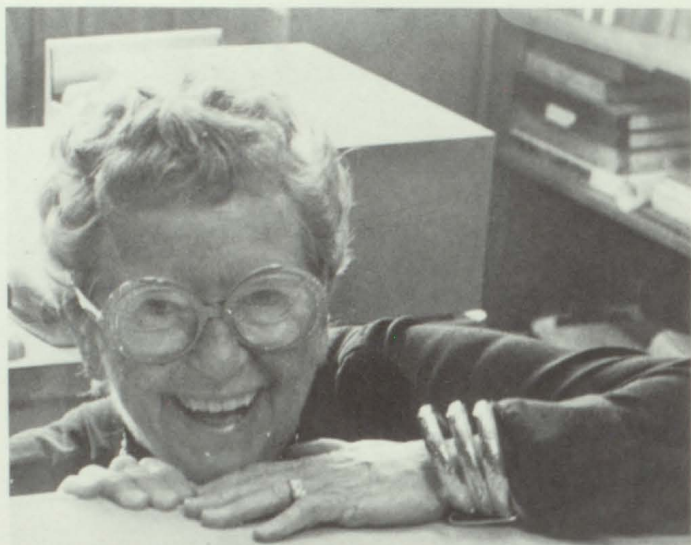

My family is A BIG ONE (Dad, Mom, and a sister). My dad (Walter) is a dentist, but now he owns and works in a bus company. My Mom (Eunice) works at home and my sister (Wania), like me, just studies (HARD). She is 12 years old and is in 7th grade. I am a sophomore and am 16 years old.

What winters you have! It's too cold, but the snow . . . is marvelous . . . "I love it." In Brazil our weather is hot, with lots of sunshine. We also have beaches, soccer, coffee, and the carnival, the best holiday of the year.

I am very THANKFUL for International Cultural Exchange program, because it put me here in Corning. Thank you very much people of Corning, kids of the High School, my friends . . . and a special thanks to my family Mr. and Mrs. Lee Elliott, Jon, Scott, Terry and Larry for everything you have done for me. I will remember this experience forever.

Thank you very much(Really)

Walter

Norma,

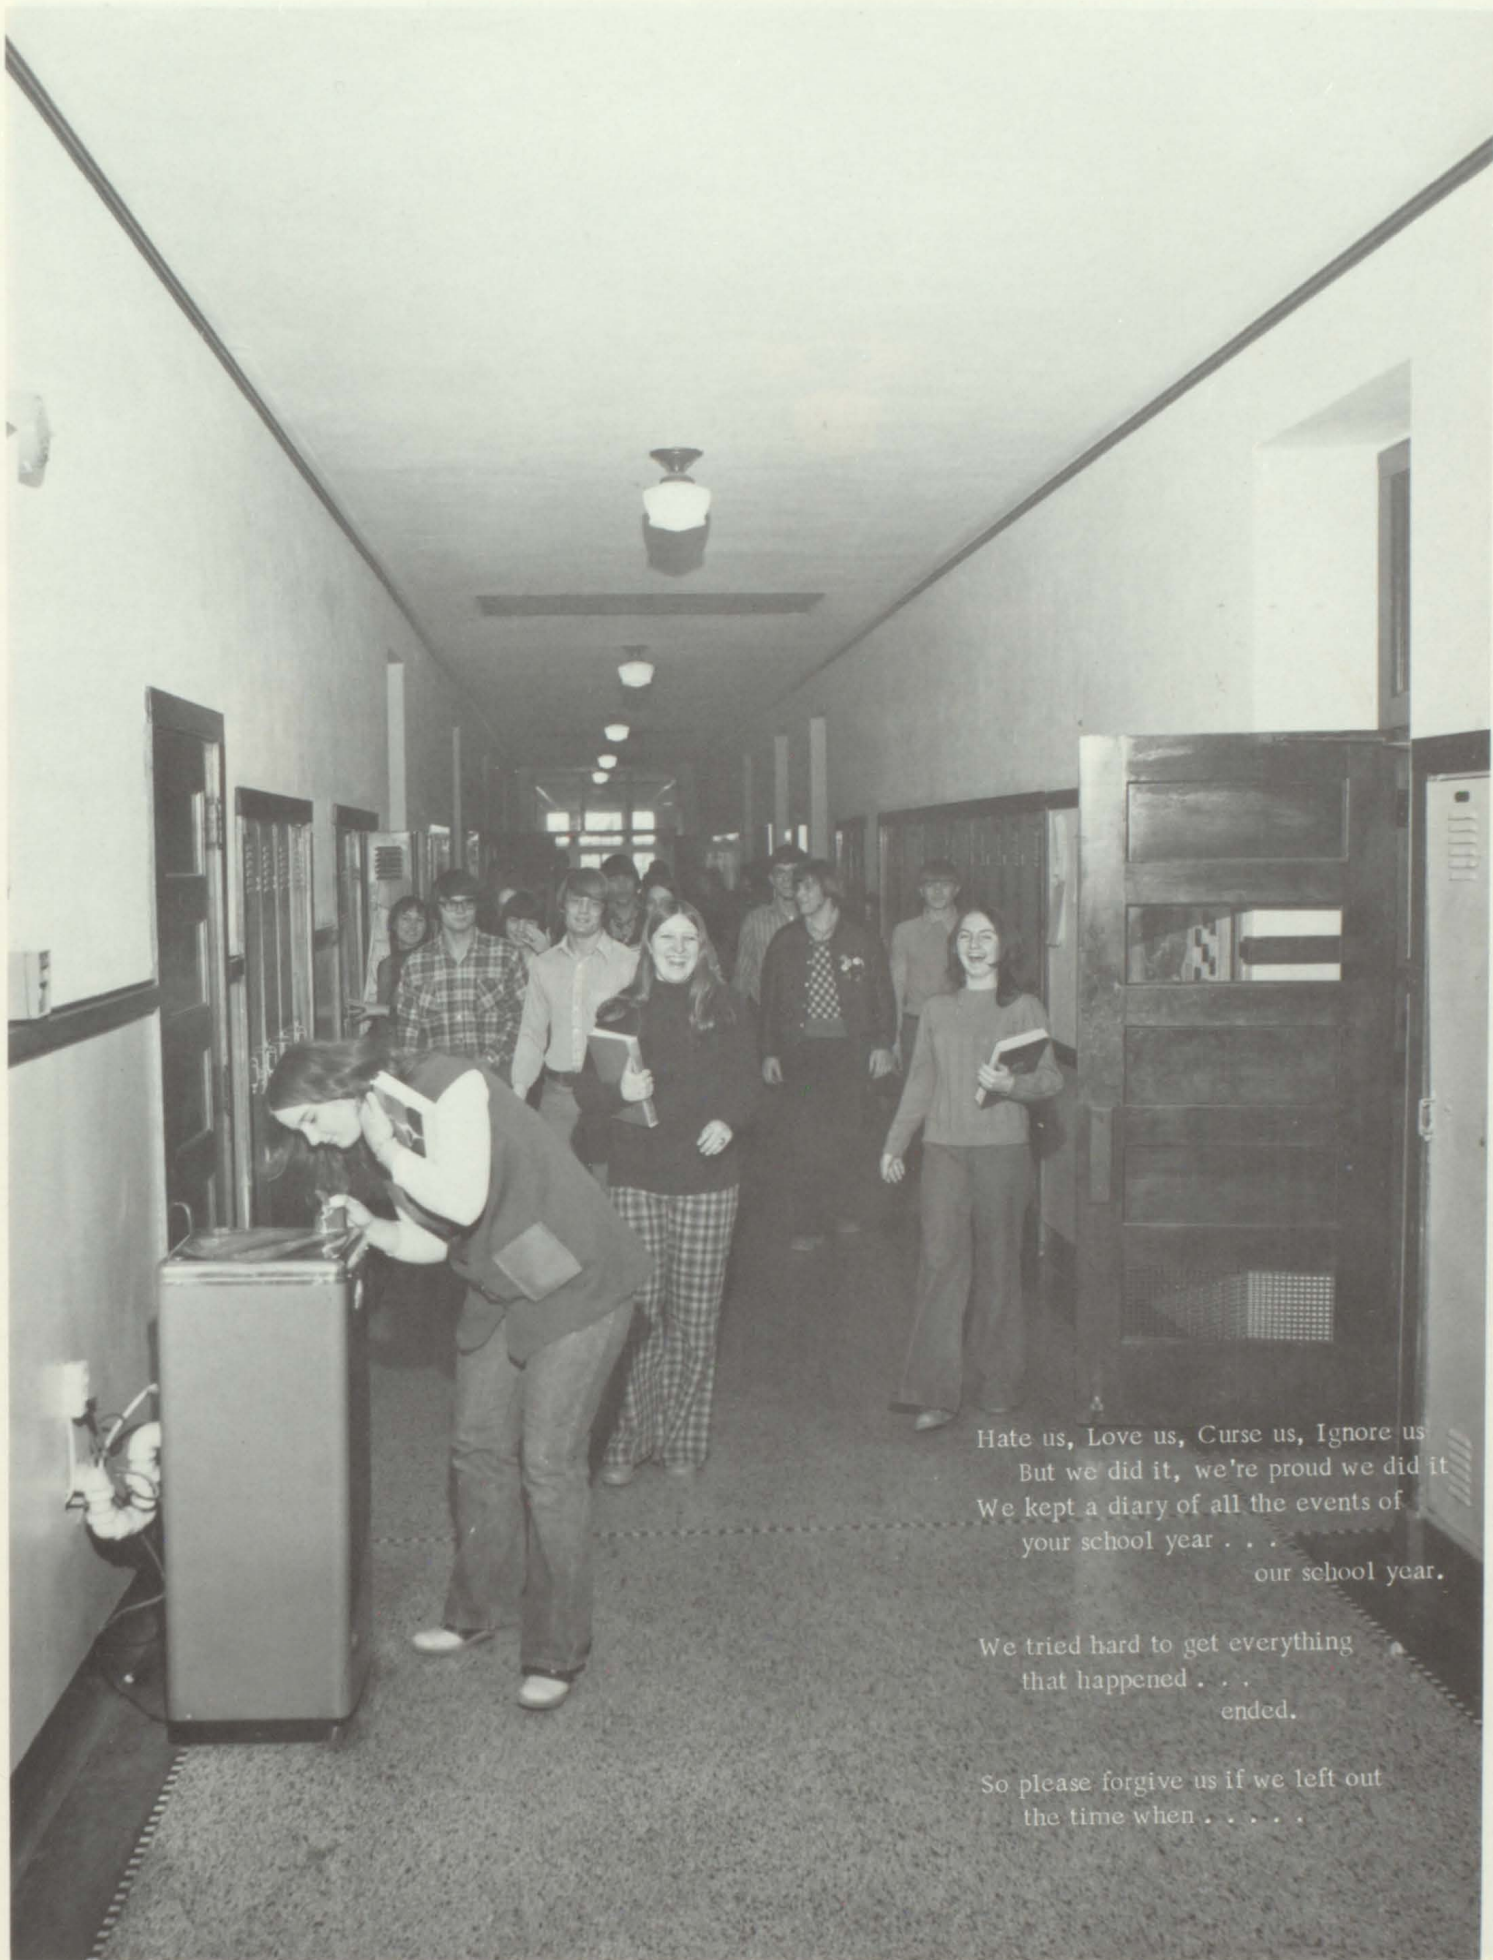

When is there a day that the sun doesn't shine around you? Even at dismal times we can always look forward to a radiant smile, knowing you are always there to cheer us up.

Where would CHS be without your vibrant spirit at games and matches? We could never have gotten this far to the top without you.

How could anyone forget such a wonderful person as you, who brought us through high school and shared with us the most memorable years of our lives?

It is for these treasured moments that we thank you. CHS will be empty without you and you will NEVER be forgotten. Always remember, we love you Norma.

Hate us, Love us, Curse us, Ignore us
But we did it, we're proud we did it
We kept a diary of all the events of
your school year . . .
our school year.

We tried hard to get everything
that happened . . .
ended.

So please forgive us if we left out
the time when

time when . . .
