Bernard, Mrs. Willett(Jan),Dave,Mr. Willett,(Donnie).

My name is Bernard S. Kaeser. I am from Switzerland. I live in Onex, a town two miles from Geneva. Onex is a town of about twenty three thousand inhabitants. I have one sister who is twenty four years old and two brothers- twenty one and seventeen. My Dad is a book binder and my mom is a housewife.

I want to thank my host family, the Willett's, for all the super times we shared together during my stay in Corning. I'd like to thank also my coaches, my teachers and all my friends for the good time we spent together.

# MATH OLYMPIAD

---

The First Annual Panoramic Arts Festival was held on April 16, 1984. High school and Junior High School projects from Art, Home Economics, Media, Industrial Arts, and the Faculty were displayed in the High School Gym. During the evening the Jazz Band, Vocal Music, and Speech and Drama Departments presented selections. The Art Club demonstrated face painting while everyone watched. The club also sold personalized balloons. A bunny and cake raffle topped off the evening. Mrs. Connie Raasch was director of this activity.

---

# PHYSICS CLUB

Row One: Dawn McLaren, Kevin James, Marta Neill, Jeff Nevius, Alan Kordick, Craig Raymond. Row Two: Jolene Beemer, Doug Moore, Tracy Burroughs, Bart Little. Traci Reisinger NP, Sheri Hatton NP.

**CAUTION!!** Goggles must be worn at all times ! Shown at left are the diligent Physics students displaying their proficiency with various scientific apparatus. Readily observed is the infamous meter stick, possibly the most valuable tool of these enthusiastic Physics students. Note the importance of their protective gear; the apron and goggles.

Below- Traci and Doug exhibit their masterpiece. As you can plainly see, it is an accurate reproduction of the Physics Master Mr. Harderson, scaled to  $1/3.14159$  and massed at 9.6540 Kilograms. This heterogeneous concoction, or cake, was only one of several raffled by the Physics Club as part of their fund raising ventures. This and various other projects paved the way for their scientific expedition to Chicago; part of their never ending quest for knowledge.

# BRAIN BOWL

Tyler Williams, Tim Hayes, David Stearns, Tracy Burroughs.

Doug Moore and Traci Reisinger.

During the first semester the Brain Bowl Team with their adviser Mr. Holliday set off for Shenandoah for the Brain Bowl. Corning's opponent was an always tough four-some from Griswold. Corning jumped out to an early 16-0 lead but suddenly the buzzers started to fail the fearless Corning group. At intermission the score was 62-16 in favor of Griswold. At that time things were looking dim, but there was a quote by a Corning contestant, "We have to make a run at it". This quote fired up the Corning squad as they rallied, but the rally fell short. As the last buzzer went off the score stood at 102-66 in favor of the opponents.

# MATH OLYMPIAD

SENIORS: Kevin James, Doug Moore, Marta Neill, Tracy Burroughs, Tim Hayes, Jeff Nevius.

JUNIORS: Row One- Kyle James, John McMullen.  
Row Two- Chris Heimke, Dodi Reed, Kim Stielow.

Corning High School Math Students participated in the 13th Mathematics Olympiad, at Northwest Missouri State University. This is the eighth year for participation by the CHS Math Squad.

The meetings and test attracted 690 students from fifty-five schools in Missouri, Iowa, and Nebraska.

Corning Seniors took first place in the 1A group. The Juniors placed fourth. The Sophomores placed third.

Heidi Hayes placed fifth out of 223 in Individual Competition.

#### THE SEASON

The girls and boys Cross-Country Track teams had very successful seasons. Heidi Hayes provided the season finale by qualifying and competing in the state meet. Heidi placed thirty-second out of ninety some runners.

The highlight of the year for the boys team was finishing second at Panorama-Linden and then being ranked as one of the top ten teams in class 1-A, but injuries late in the season to seniors Mark Bailiff and Tim Hayes ended the hopes of the team qualifying for state.

# NATIONAL HONOR SOCIETY

To become a member of the National Honor Society at Corning High School, the first requirement is that a student be in the upper one-third of the class. The faculty then in secret ballot recommends students based on Leadership, Character, and Service to school and community. No more than fifteen per cent of a class may be chosen. This is the highest award bestowed upon Corning High School students.

Corning has had its charter in National Honor Society since 1938 and has selected members every year since then .

## REFLECTIONS

Reflecting over the 1983-84 year we gave up hope for peace as fighting continued in Beirut and Grenada. It was a year for Presidential campaigns causing many issues to be discussed. In our own Iowa Capitol issues such as raising the drinking age, the lotteries, and that of a proposed trade center in Iowa. Iowa also held the first Democratic caucus. We also watched the struggle of Jessie Jackson, to get to the head of the Democratic Party.

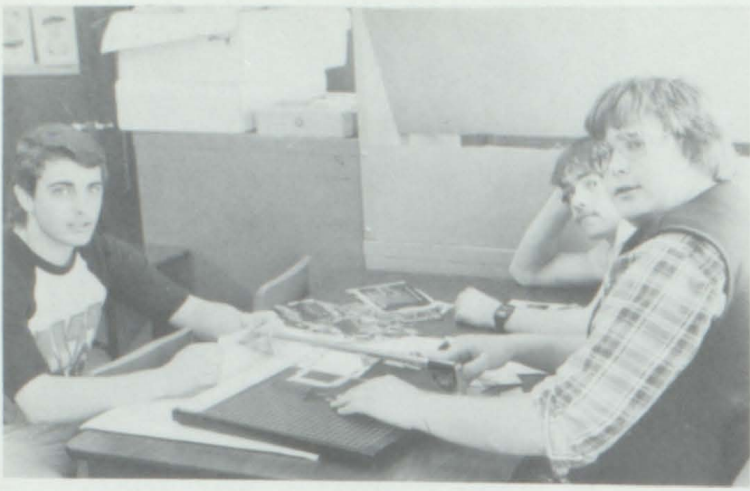

In the movies we saw a beginning in "Flash dance" and an end in "Terms of Endearment". And with each movie came a song that infected our body and soul. Michael Jackson thrilled us all with his song and dance. A new wave of dancing developed through his music-"break dancing". It enabled street gangs to rumble on the dance floor and "Van Halen" did it again with the new album we had been waiting for "1984".

We tuned in to "Friday Night Videos or HBO's

"Video Jukebox" to catch the latest video of our favorite songs. And we still tuned in to evening soaps but "Knots Landing" and "Dynasty replaced "Dallas" in our discussions. We also discussed new topics- closing or shortening the noon hour and the perennial problems of prom.

A book by George Orwell "1984" haunted our thoughts."Would his predictions come true?" 1983-84 will be remembered as a year full of life, excitement and unanswered questions. The main unanswered question at the end of the year---"WHERE'S THE BEEF?"

Such a HARD WORKING crew!!!!
